THE GARFIELD FUND.

Garfield's life was given to the Republic, and he fell at the post of duty. It is now fitting that a grateful people should make adequate and liberal provision for his stricken and sorrowing family. We believe that many of our subscribers feel in this way, and we offer to take charge of any contributions, and forward them to the proper persons in charge of the fund. The amount which one can give is not important. Let Reno start with its mite and secure at least some representation for Nevada in this gift of gratitude for a life-long service. Garfield is dead, and his family should be in the nation's care.

ARTHUR'S INAUGURAL.

Upon taking the oath in Washington yesterday President Chester A. Arthur said:
"For the fourth time in the history of this Republic its Chief Magistrate has been removed by death. All hearts are filled with grief and horror at the hideous crime which has darkened our land, and the memory of our murdered President, his protracted sufferings, his unyielding fortitude, his example and his achievements, his life and the pathos of his death will forever illumine the pages of our history. For the fourth time the officer elected by the people and ordained by the Constitution to fill the vacancy so created is called to assume the Executive Chair.

The wisdom of our fathers, foreseeing even the most dire possibilities, made sure that the Government should never be imperiled because of the uncertainty of human life. Men may die, but the fabrics of our free institutions remain unbroken. No higher nor more assuring proof could exist of the strength and permanency of popular government than the fact that, though the one chosen of the people be struck down, his constitutional successor is peacefully installed without shock or strain, except the sorrow which mourns the bereavement.

All the noble aspirations of my lamented predecessor which found expression in his life, and the measures devised and suggested during his brief administration to correct abuses and enforce economy, to advance prosperity and promote the general welfare, to insure domestic security, and to maintain the friendly and honorable relations with the nations of the earth, will be garnered in the hearts of the people; and it will be my earnest endeavor to profit and see that the nation shall profit by his example and his experience.

Prosperity blesses our country. Our fiscal policy, as fixed by law, is well grounded and generally approved. No threatening issue mars our foreign intercourse, and the wisdom, integrity and thrift of our people can be trusted to continue undisturbed the present assured career of peace, tranquility and welfare.

The gloom and anxiety which have surrounded the country must make repose especially welcome now. No demand for special legislation has been heard. No adequate occasion is apparent for an unusual session of Congress. The Constitution defines the powers and functions of the Executive as clearly as those of either of the other Departments of the Government, and he must answer for the just exercise of the discretion which it permits.

Summoned to those high duties and responsibilities, and profoundly conscious of their magnitude and gravity, I assume the trust imposed by the constitution, relying for aid on Divine guidance and on the virtue and intelligence of the American people."

We have received from J. Meredith Davies a copy in pamphlet form of Lloyd Tevis' address on California, a portion of which was recently published in these columns. Persons desiring the pamphlet may address J. Meredith Davies, Agent C. & N. W. R. R. Co., San Francisco.

GUITEAU.

What will be done with the assassin? Everybody wants to know this, but many Americans believe properly that time is wasted when spent in hating a man whose name is despised by a world.

Will the insanity plea win? Will his defense plead death from other causes?

Will it be possible to find an impartial jury in the District of Columbia? Guiteau's enemies are legion, but he has been able to show but three friends.

Three men have been found in Iowa who have dared to express sympathy with Guiteau. One lives in Marshalltown, and was knocked down by a bystander; another was beaten by a mob, and died of his injuries; and a third was H. J. Frasser, the Greenback candidate for the State Senate in Davis county. He has since been dropped from the ticket at the request of his fellow candidates, and has judiciously retired from the haunts of his fellow men.

THE END.

The poet J. G. Holland yesterday published the following in the New York Tribune under the head of "The End:"

A wisp flew out upon our fairest son,
And struck him to the quick with poisoned shaft.
The while he chatted carelessly and laughed,
And knew not of the fateful mischief done.

And so this life, amid our love begun,
Envenomed by the insect's hellish craft,
Was drunk by death in one long, feverish draught,
And he was lost, our precious, priceless one.

Oh, mystery of blind, remorseless fate!
Oh, cruel end of a most causeless hate!
That life so mean should murder life so great!

What is there left to us who think and feel—
Who have no remedy, and no appeal.
But damn the wisp, and crush him under heel.

EDITORIAL NOTES.

On our local page are copies of petitions which have been extensively signed in Modoc county. The Indians mentioned are in earnest in seeking some degree of civilization, and the citizens of Surprise valley are cordially in favor of the help for which they pray. We endorse their desire, and will respectfully urge the matter before the proper authorities.

The wines in the Champagne region are said to be very abundant this year. The Champagne region is located in the cellars of New York and Connecticut.

The St. Petersburg Herald describes President Garfield's death as a glorious death on the battle-field of honesty.

A Growing Trade.

Manager McDuffie, of the Reno Soap Company, now finds it necessary to spend most of his time on the road keeping old customers supplied, and answering the wants of new patrons. His XXX bleaching soap is justly popular, and the company has built up a handsome trade in that article already. Three wagon loads went to Virginia yesterday, and other large shipments are reported to various outlying points. A home manufacture ought to succeed.

The Cottonwood Mines.

Attention has frequently been called in these columns to the very flattering prospects found in the Cottonwood mining district, east of Blackrock Desert, 75 miles north of Reno. The owners, Disabell, Harris, Norton and Crowley, sent several lots of 100 lbs. each to the Constock last week, for trial. The rock proved to be free-milling, and turned out from \$18 to \$1,500 to the ton. The GAZETTE feels justified in saying that this new camp deserves some attention.

Dropped too Soon.

M. Drouillard of Cedarville took up a claim in the old camp known as Varraville, in Piute Meadows, away northeast of Reno in Humboldt county. His time was allowed to expire, and the other day the men on Derby's ranch went on the claim and got out some rock, for young Grandall, the foreman. He worked 9 tons and got \$900 out of it.

Salt Water Delicacies.

Anyone who has a weak spot for salt water fish can get what they want by sending to Hermansen, Jorgensen & Co, Summer street between Pine and California, San Francisco. They keep the Southern Pacific oyster rooms.

BY TELEGRAPH.

The Court of England Ordered to go into Mourning.

LONDON, Sept. 22.
The Queen has ordered the Court to go into mourning for President Garfield for one week from the 21st instant.

The Times, in alluding to the Queen's order relative to Court mourning for President Garfield, says: This tribute of respect will be all the more valued by Americans as it is unprecedented, no similar notice having been taken previously by the English Court of the death of an American President in office.

A Comet Appears While Garfield is Dying.

ROCHESTER, N. Y., Sept. 22.
Director Swift of the Observatory says that a new comet has appeared, and could be seen with the aid of a good telescope at the very hour when President Garfield was passing away. The circumstance was unusual, Director Swift adds, if not portentous.

The Garfield Fund.

NEW YORK, Sept. 22.
The contributions to the Garfield fund now aggregate \$244,850, and the cities and towns of the Republic are only waiting for a more appropriate season to forward further contributions.

Mechanics Attention.

A dollar saved is a dollar earned, and money can always be saved by making wise purchases. S. Peyser has both gents and ladies clothing and furnishing goods, which he will sell at bottom prices. Mr. Peyser goes below soon to replenish his stock, and his agents in San Francisco are already making selections for the new stock. Don't forget the Mechanics store next to Charles Knust's store, corner Virginia and Second street.

Railroad Matters.

The N. & O. train has hauled all the ties to the end of the track. Twenty-five thousand are piled up right on the Summit. They will be here as soon as the C. P. can furnish cars. It is expected that it will come right along when it starts, and 25 miles will be laid before it stops. The suits and squabbles have not stopped the work, and everything goes right ahead. A large force of graders are at work ahead of the tracklayers.

Useful and Elegant.

Ladies wishing to improve their complexions should use Queen's Mytic Balm, as it renders the skin soft, white and beautiful and prevents chapping of the face and hands. R. E. Queen manufactures it from healing balsams and fragrant essences, and while wonderfully efficacious it is so harmless one could drink it without harm. Price 25 cents.

From Eureka.

James Mayberry came in from Eureka last night to remain for a few days. The contracts have not yet been let on the E. & C. R. R., but will be at an early day. Mayberry seems satisfied with Eureka's prospect and will return soon.

PERSONAL.

I. Barnett came up from below this morning.

Lieutenant Governor Adams has gone to his cattle ranch in Nye county.

J. A. Blossom, Commissioner of Lander county, was in Reno last night.

E. J. Parkinson, Carson's old stand-by in the field of Journalism, spent last night in Reno.

The White House closes this evening, and will remain closed until after the President's funeral.

M. Nathan came up from S. F. this morning. He is unpacking a large invoice of goods received to-day.

Homer Todhunter, son of the cattle king, came in from Modoc county last night and went home to Sacramento.

Johnny Skae, the ex-millionaire, was a passenger for the Comstock this morning. Looking happy and prosperous.

Harry Davis, the driver between Salt Marsh and Pyramid, has had a severe attack of pneumonia. He is better, and takes his run on Monday.

A Poor Engineer.

The proprietor of the Andrew Snider, the new steamer on Goose lake, loaned her to a friend last week, and while out on the water he let the boiler get empty and melted the tubes. The Snider is waiting for a new boiler.

Mine Sold.

The Contention mine at Safford, the new mining district, was bonded the other day for \$36,000. Six thousand paid down.

THE SACRAMENTO FAIR.

The Fair is a Continued Success—Account of Wednesday's Races.

SACRAMENTO, Sept. 22.

There was an excellent attendance at the races Wednesday. The first was a running race between Forest King, Sunday and Duchess of Norfolk—all foals of 1879—mile dash for entrance fees of \$100, \$250 added, positions as named above. The Duchess carried five pounds extra, as winner of a former three-quarter dash. She was the favorite at \$30 in the pools, with King at even rates and the field \$15. The Duchess took the pole at once and kept the lead to the end, King being a good second. Time—1:40.

The second race was a running stake, free for all, mile dash, for entrances and \$200 added, between Jennie B., Bonnie Jean and Armada Howard, who went in that position. There was no pool selling. Jennie B., being too good to make Jean's and Howard's chances worth anything, the latter two going probably to save second and third money, \$75 and \$25 respectively. Jennie won easily, Jean's second. Time—1:40 1/4.

The next race was running, three quarters of a mile heats, for \$250 added to the entrances. It was between the fillies Winnifred and Norris, the former having the pole. She won the first heat easily in 1:17 1/4. Winnifred took the second heat in 1:19 1/4, and the third heat was simply a repetition of the first heat.

The running between Clara D. and Jim Brown for one and three-quarter miles for entrance and \$300 added was a fine race. It excited great interest and roused the spectators to enthusiasm. Brown sold as the favorite for \$140 to \$120. Clara D. led from the start by half body length and kept it under steady pull, winning in 3:07 1/4—very good time. Jim labored very hard for the front, but was never able to get beyond the saddle girth of the mare.

The next was a trot of the 2:30 class for \$1,000 between Blackamoor, William Tell, Tom Stout, Empress, Starr King, Susie and Hancock, who went in that order. Empress was the favorite. After many efforts to send off had been made, Stout led, the Empress second, Tell third. On the upper turn King came to the third place, and on the home-stretch the Empress and Stout were abreast. King won the heat, Stout second, Empress third. Time—2:29 1/4. Empress took the second heat, not coming to front till three-quarter pole was reached, Stout having led first and then Susie, who kept the first place till ousted by Empress. King was third to the three-quarter pole. At the outcome King was second and Stout third. Time—2:28 1/4. The third heat created great excitement. Empress led to the last turn, when all four were nearly abreast. King, on the home-stretch, torped to the front, and took the heat by a neck; Stout second, Empress third. Time—2:30 1/4.

A Promised Treat.

It has been some time since Reno has been favored with an entertainment. Our spiritual experience was a dismal failure, but we are now offered something legitimate. Robert McWade, a noted star, will appear at the Nevada Theatre on Monday, September 26th, in his own dramatization of Rip Van Winkle. The GAZETTE is informed that the McWade Company will occupy the Theatre during fair week, and the coming performance will give patrons of the stage an opportunity to judge of the merits which this combination claims. Seats at the Post Office.

New Lands Coming in.

Pardon Brown, a brother of the late Pelg Brown, one of Washoe's best citizens, is finely located at the head of Surprise valley a few miles east of Fort Bidwell. He is reclaiming about 1,500 acres of fine sage brush land with a ditch that runs out of Cowshead lake. The fences all over the valley are spreading out every year. There is lots of land and still a great deal of water that can be used to raise crops.

Another Senatorial Granger.

Senator Jones, like Senator Fair, has come out as an agriculturist and promoter of farming interests. The Comstock papers say he has several hundred pounds of choice wheat at Gold Hill, for distribution among his constituents. The wheat is from the United States Agricultural Bureau, and of course is a choice article.

WANT A HOME.

Signs of Civilization Appearing Among the Indians.

FORT BIDWELL, Cal., Sept. 7, 1881.

TO THE HON. SECRETARY OF THE INTERIOR, WASHINGTON, D. C.—Sir: We the undersigned chiefs and head men of Chief Ocho-ho's band of Piute Indians residing in the vicinity of Fort Bidwell, Cal., numbering upwards of 60 Indians, having by association and service among the whites become conscious of the advantages to be derived from adopting a civilized mode of life, and having the future welfare of ourselves and our descendants at heart, do humbly ask of you on the part of the United States, assistance in establishing in this vicinity homes for ourselves and educational facilities for our children, promising on our parts to adopt civilized modes of life, to engage in agricultural pursuits, to endeavor to conform to the manner of dress and language of the whites, and the common branches of English as far as they are susceptible of learning. Signed, etc.

FORT BIDWELL, CAL., Sept. 7, 1881.

TO THE HON. SECRETARY OF THE INTERIOR, WASHINGTON, D. C.—Sir: We, the undersigned citizens of Fort Bidwell, Cal., having a personal acquaintance with Chief Ocho-ho, and a number of his Indians, do certify that said Ocho-ho and his Indians are peacefully and kindly disposed towards the whites, having, on various occasions for a number of years, been employed at farm labor among the whites. They have generally given satisfaction as laborers, being, as a rule, honest and industrious. That they have almost wholly adopted our mode of dress, speak our language to a greater or less degree, have in a few instances engaged in agricultural pursuits on their own account. Therefore we heartily endorse their request for assistance from the government in establishing them on a farm with agricultural and educational facilities. Believing that if they were once properly established on a farm at this place, their home, that they would soon acquire our mode of life, and ever form a peaceful and useful portion of our commonwealth. Yours etc.

MAJOR S. A. MANN.

Resolutions of Respect from the Committee Appointed by the Bar.

The following report has been tendered to the Court and spread upon its minutes:

It having been the pleasure of an all wise Providence to remove by death from duty and labor Hon. S. A. Mann, a member of Washoe county Bar, we recognize in such dispensation the Divine hand and law, yet feel it a duty, and in our sorrow a pleasure, to testify to his many virtues and amenities in a becoming manner.

Therefore be it resolved, That the Bar of Washoe county has lost a valued member, a scholar and upright man.

Resolved, That society in his death has been deprived of a most genial, kindly, whole-souled gentleman, ever ready to lend a helping hand in its joys, its sorrows, and in all enterprises redounding to the public welfare.

Resolved, That this Court now in session do adjourn for the day in honor of his memory; that the Bench, Bar and members of the Court attend his funeral; that these proceedings and resolutions be entered of record on the minutes of the Court of this day; that a copy be published and sent to his relations, and that the members of the Bar, in memoriam, wear the usual badge of mourning for thirty days.

Symonds Sentence.

The second trial of Symonds, for the murder of his brother-in-law, Carter, in Cedarville some time ago, resulted in a conviction. On Monday, September 19th, he was sentenced to ten years in the State Prison, the motion for a new trial having been denied.

The Cold Wave.

A winter frown is upon the face of nature, and the thermometer needs a pair of mittens. At 9, 11, 1 and 3 it chattered 60, 60, 62, 63. A good smoke is solid comfort in cold weather. Smoker's articles of every description at Nasby's Bazaar.

QUARTER OF A MILLION.

Colonel Thomas Moore Sues John Sunderland in that Amount for Defamation of Character.

Deputy Sheriff Grey yesterday served the papers on John Sunderland in a suit wherein Thomas Moore prays judgment for two hundred and fifty thousand dollars and costs of suit. The complaint sets out the usual details of names, dates and occupations, and makes the following specific allegations:

That said defendant, for the purpose of injuring plaintiff and destroying his credit and blasting his reputation as an honest man, and thereby embarrassing, hindering, delaying and preventing plaintiff from completing his said contract at said town of Reno, on or about the 14th day of September, 1881, said to H. G. McClellan, who at that time was, and ever since has been, and is still Chief Engineer of said corporation, in charge of the work of constructing said railroad for said corporation in his capacity of Chief Engineer, that plaintiff had \$23,500 of the money of said corporation, and when he, plaintiff, disgorge, he defendant, would pay the engineers of the company, and until then, he defendant, did not care if the said engineers starved. Meaning, thereby, that plaintiff had dishonestly obtained the said sum of \$23,500 from said company, and by reason thereof said engineers were prevented from getting their pay, all of which was false and said defendant knew it to be false when he so stated it.

That said defendant on or about the 9th day of September A. D., 1881, stated to C. T. Bender, at said Reno that Manning & Berry, copartners, had better secure their debt against this plaintiff, meaning, thereby, to injure the said plaintiff's credit, etc., etc.

Wm. Webster and Lewis & Deal are attorneys for plaintiff.

It was moved and seconded that a committee of three be appointed by the President to draft a constitution and by-laws. The President appointed as such committee Drs. AFTER ANNIS.

The Governor of Colorado Will Turn Over the "Gazette's" Capture to Sheriff Kyle.

According to the Leader, Sheriff Kyle on Tuesday received the following answer from the Governor of Colorado, as to the delivery of Annis, or Allison, on a requisition from Governor Kinkead:

DENVER, COL., Sept. 21, 1881.

M. KYLE, Sheriff: If your papers are correct in form and comply with the law, will issue a warrant on requisition from the Governor of Nevada for Charles Allison. The State cannot guarantee anything as to your securing the prisoner.

H. A. W. Tabor, Lieut. Governor. This point being settled, Matt. was to have left on Thursday for Colorado. Annis is under a strong guard and in danger of being lynched, and Sheriff Kyle may have a lively time in taking him. He is in Conchos county, one of the most southerly counties of the State, and in a section where outlaws and cowboys are, as thick as huckleberries. Matt. is confident that he can bring him, and goes with that determination.

Sundries From Surprise.

John Steven's little boy fell out of the wagon the other day, and broke his leg. Dr. Patterson set it. He is doing well.

George Colborne raised this year as high as 80 bushels of barley and 42 1/2 of wheat on an acre. His average was 65 of barley and 35 of wheat.

The doctors say that consumption is unknown in the valley. There has never been a case that originated here. All that have had it brought it in with them.

Apples grow to great perfection here. H. S. Spargur of Lake City has some very large and choice varieties. So also has S. B. Mellon of Cedarville. One of the largest and best orchards is on Dr. Patterson's ranch. Apples weighing two pounds are frequent.

Considerable sugar cane is being raised now. Messrs Boyd, O. Miller, Geo. Ewing, Hands and Dodson all have patches. Mr. Dodson has a mill and press to extract the syrup.

Wild plums of a very choice flavor are found in the canyon northwest of Bidwell. They used to be plentiful in other places, but the bushes have been ruined by cattle. They are better than those from Downieville.

There are three saw mills in the valley, one north of Bidwell owned by H. O. Jopp, one at Cedarville owned by Jessie Hironymous and one five miles south owned by a company. They will cut 30,000 a day. J. Hironymous has another on Lassen Creek that goes into Goose Lake. Lumber is worth \$13 50.

A Mammoth Stock.

L. Abrahams still carries in San Francisco buying gents furnishing goods for the White House. The new purchases are now beginning to arrive, and the wonder seems to be how the store is to hold enough for four or five stocks at once. The firm has, however, built up a large trade, and some of their customers are 200 miles distant from Reno. To properly clothe a region of that extent, requires a very large quantity and variety. Although the fall purchase will be much larger than in any previous year, Abrahams expects to clear it out before the holidays. Go and see the new goods.

The Blackleg.

John Cummings, of Little Humboldt, informs the Silver State that the blackleg has made its appearance in that vicinity and is proving very fatal to calves. A few days ago he saw seven heifer calves lying dead, within a few rods of each other, on the low lands near the river. So far as his observation extends, only fat heifer calves, which range along the bottom lands, are affected by the disease.

Orr Ditch Co.

Pursuant to the order of Judge King the stockholders of the Orr Ditch Co. met at the court room yesterday, and elected Chas. Gulling, R. A. Frazer, D. Powell, James Sullivan and B. F. Leete, Trustees. Subsequently the Trustees elected Charles Gulling, President; D. Powell, Vice President; B. F. Leete, Secretary; R. A. Frazer, Superintendent.

The Story of a Valise.

Muscatine Tribune.

A few days ago an old man got off the main line train at Wilton to look about, and left an old valise on the seat. When the signal was given he jumped upon the Southwestern train and did not discover his mistake until near Muscatine, and there was some lively hunting for that old ragged valise. It was not found for several days, but at last turned up in the baggage room at Iowa city, among some rubbish. When the old man got it back he quietly counted out \$3,000 in gold which it contained all the while it was knocking around.

Rescued From Death.

William J. Coughlin, of Somerville, Mass., says: In the fall of 1876 I was taken with a severe cold, followed by a severe cough. I lost my appetite and flesh, and was confined to my bed. In 1877 I was admitted to the hospital. The doctors said I had a hole in my lung and a half dollar. At one time a report went around that I was dead. I gave up hope, but a friend told me of Dr. WILLIAM HALL'S BALSAM FOR THE LUNGS. I got a bottle, when to my surprise, I commenced to feel better, and to-day I feel better than for three years past. I write this hoping every one afflicted with diseased lungs will take Dr. WILLIAM HALL'S BALSAM, and be convinced that CONSUMPTION CAN BE CURED. I can positively say it has done more good than all the other medicines I have taken since my sickness.
